## **Summary**

I am a fresher front-end web developer currently pursuing a degree in Computer Science with a specialization in AI and Machine Learning. With strong skills in HTML, CSS, and JavaScript, I build responsive and user-friendly interfaces. My problem-solving ability, teamwork, and eagerness to learn help me contribute effectively to any development team.

# **Projects**

#### 1. Amazon Web Clone

- Developed a static clone of the Amazon India homepage using only HTML and CSS
- · Designed header, search bar, product sections, and footer to closely resemble the original layout
- Focused on layout structure, box model, and responsive design using Flexbox and Grid

#### 2. Weather App UI Design

- Designed a static weather application interface using HTML and CSS
- Displayed temperature, weather icon, city name, and basic weather details in a clean layout
- Focused on modern UI styling, layout design, and visual presentation of weather information

#### 3. Phishing Detection System (Hackathon Project, 2023)

- Collaborated in a team of 4 during a 24-hour hackathon to build a **phishing website detection system** using **Machine Learning**
- Collected and Preprocessed URL data to train a classification model using algorithms like Logistic Regression and Random Forest
- Built a simple UI to input website links and classify them as legitimate or phishing
- Gained experience in teamwork, problem-solving under pressure, and integrating ML models into practical applications

### **Skills**

Programming Web Development Designing Tools

Python, Java, JavaScript, SQL

HTML, CSS

Canva, Blender

**Version Control** 

GitHub, VScode

**Basic computer skills** 

Excel, WordPad, PowerPoint

**Soft Skills** 

Teamwork, Communication, Time Management, Problem-Solving

# **Education**

### **Bachelor of Science in Computer Science (Artificial Intelligence & Machine Learning)**

J.B Institute of Engineering & Technology 2022-2026

• Relevant Coursework: Web Development, Data Structures, Machine Learning, Artificial Intelligence

# **Certifications**

- College level Hackathon: 2<sup>ND</sup> Rank year 2023.
- Basketball runner up team year 2024.
- Best duo singing year 2025.
